## About Greatview

Greatview Aseptic Packaging is an international, publically listed company supplying goods and services to the aseptic liquid food industry with cost-effective carton packaging materials, filling machines and spare parts.

With headquarters in China and Switzerland, and production facilities in China, Germany and Italy, the company is dedicated to improving choice, competitiveness and quality to dairy, juice and beverage producers around the globe.

Greatview employs more than 1'780 people across Asia, Europe, the Americas, Africa, Middle East and Oceania, producing and selling more than 24 billion cartons each year and growing rapidly. Our customer base consists of national and multi-national dairy, juice and beverage producers in more than 70 countries.

Greatview leads the industry in terms of environmental responsibility. The company is committed to sourcing paper fibre from certified, responsible sources. 100% of the cartons produced in our European factory are made with paper certified by the FSC™ as being sourced from responsible sources\*.

## Our Vision

We make liquid food consumption safe, accessible and appealing, while respecting the environment.

## Our Mission

Greatview's mission is to add significant value to liquid food producers by supplying a high quality, competitive, intelligent and sustainable packaging solution.

At the heart of our mission is choice and quality: choice which empowers our customers, brand owners and co-packers, to claim their fair share of industry success and quality of our products which ensures that the choice we offer is responsible and dependable.
